

Waste & Resource Recovery Plan

This book is written in an easy way

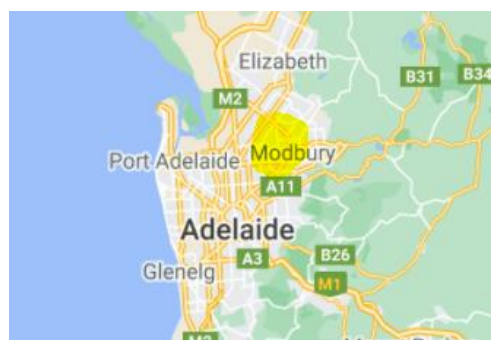

This book is written by
the City of Tea Tree Gully

The City of Tea Tree Gully
provides services like

- parks and
- picking up rubbish

for people who live
north-east of Adelaide

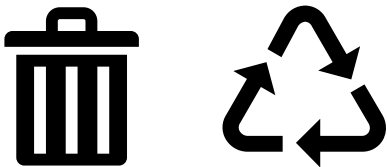

Tea Tree Gully Council is making a plan to lower the amount of rubbish that is sent to the rubbish dump and to recycle more rubbish in our City

Council spends a lot of money picking up people's rubbish every year and taking it to the rubbish dump

Which is why Council wants to look at rubbish collection and what we can put in the yellow-lid bin or green-lid bin instead

Whether we are

- At home

- At a café

- At a local park

- Or at work

We all have a part to play

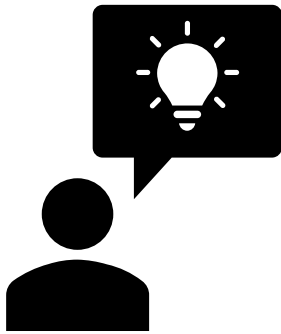

in recycling and getting rid of our

rubbish in the best way

That's why we want to hear from you!

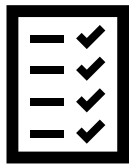

We want to hear your ideas about:

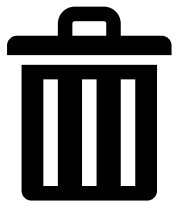

- how we can lower the amount of rubbish we make
- how we can get people to recycle more
- what more could Council do to help people with their rubbish

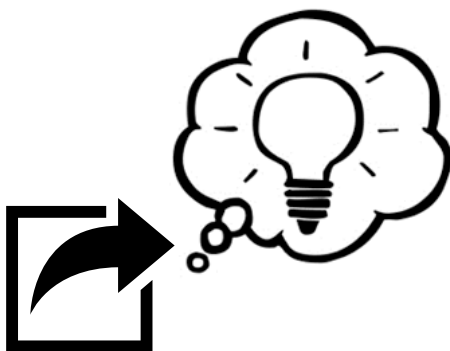

To create a City that's better to live in

What ideas do you have?

We want to hear from you and
what you think about rubbish and
recycling! What we can do better?

Tell us what you think before
